

JANREX SACRO

FRONTEND SOFTWARE ENGINEER |
[HTTPS://DYSNAI.GITHUB.IO/GITHUBTEST/](https://dysnai.github.io/githubtest/)

OBJECTIVE

Create exceptional, user-friendly applications as a Frontend Software Engineer. Collaborate with designers and backend engineers to deliver high-quality software solutions that enhance user experience. Develop seamless user interfaces that exceed expectations.

SKILLS

I have a solid understanding of the core web technologies and can effectively utilize them to build responsive and visually appealing user interfaces.

I have knowledge of performance optimization techniques, such as minification, lazy loading, and caching, to ensure fast-loading and efficient web applications. I understand the impact of code on page load times and strive to deliver optimal performance.

EXPERIENCE

WEB DEVELOPMENT EXPERTISE • JAN 2023 • JULY 2023

HTML, CSS, and JavaScript frameworks like React and Angular. I have a strong understanding of responsive design principles and have built applications that adapt seamlessly across various devices and screen sizes.

CONTINUOUS LEARNING

I have a strong commitment to staying up-to-date with the latest trends and best practices in frontend development. I regularly engage in self-directed learning, attend webinars and conferences, and contribute to developer communities to enhance my skills and share knowledge with others.

EDUCATION

BACHELOR'S DEGREE IN COMPUTER SCIENCE • SOON PO • SLU

I have completed a four-year undergraduate program, earning a Bachelor's degree in Computer Science or a related discipline. This degree has equipped me with a comprehensive understanding of computer programming, algorithms, data structures, and software development principles.

WEB DEVELOPMENT BOOTCAMPS AND ONLINE

These intensive and practical programs provide hands-on experience, teach industry best practices, and enhance skills in building web applications.

LEADERSHIP EXPERIENCE

I have led frontend development teams or acted as a technical lead on projects, guiding and mentoring junior engineers.
