JANREX SACRO

**FRONTEND SOFTWARE ENGINEER |
HTTPS://DYSNAI.GITHUB.IO/GITHUBTEST/**

OBJECTIVE

Create exceptional, user-friendly applications as a Frontend Software Engineer. Collaborate with designers and backend engineers to deliver high-quality software solutions that enhance user experience. Creatively assemble and manipulate video footage, audio, and other visual elements to create a cohesive and engaging final product.

SKILLS

I have a solid understanding of the core web technologies and can effectively utilize them to build responsive and visually appealing user interfaces.

Effective time management, organizational skills, and the ability to prioritize tasks are essential for delivering projects on time and maintaining workflow efficiency.

EXPERIENCE

WEB DEVELOPMENT EXPERTISE • JAN 2015 • JULY 2023
HTML, CSS, and JavaScript frameworks like React and Angular. I have a strong understanding of responsive design principles and have built applications that adapt seamlessly across various devices and screen sizes.

CONTINUOUS LEARNING
I have a strong commitment to staying up-to-date with the latest trends and best practices in frontend development. I regularly engage in self-directed learning, attend webinars and conferences, and contribute to developer communities to enhance my skills and share knowledge with others.

EDUCATION

BACHELOR'S DEGREE IN COMPUTER SCIENCE • SAINT LOUIS UNIVERSITY (PHILIPPINES)
I have completed a four-year undergraduate program, earning a Bachelor's degree in Computer Science or a related discipline.

WEB DEVELOPMENT BOOTCAMPS AND ONLINE
These intensive and practical programs provide hands-on experience, teach industry best practices, and enhance skills in building web applications.
